“On the way with Python”

MD. SHAKIL

NSDA Certified
Trainer & Assessor

Vendor Certified
IT Specialist in Python

Sr. Backend Developer
Ethical Den

Asst. Trainer
Daffodil International Professional Training Institute

Lead Trainer
eShikhon IT Training Institute

Lead Trainer
Wizard Software & Technology

+88 01793-299882

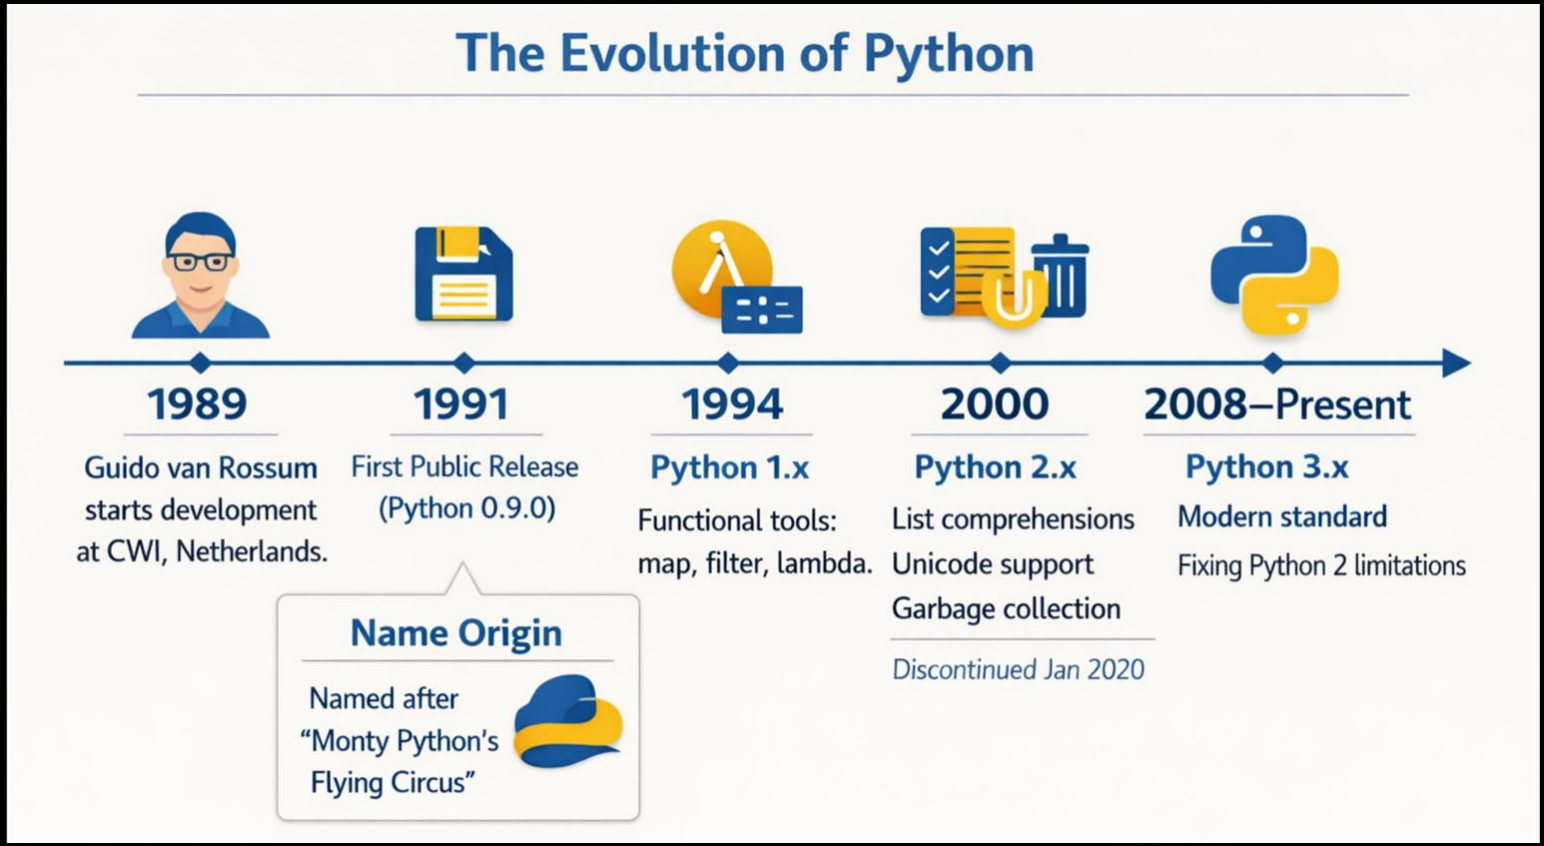
Purpose of the Class

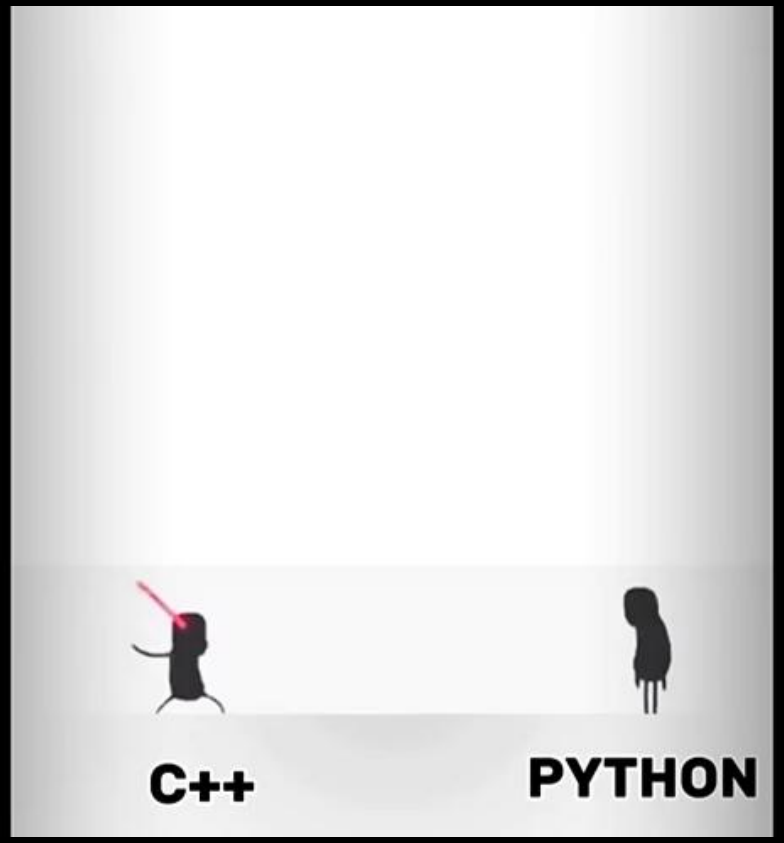
What is Python?

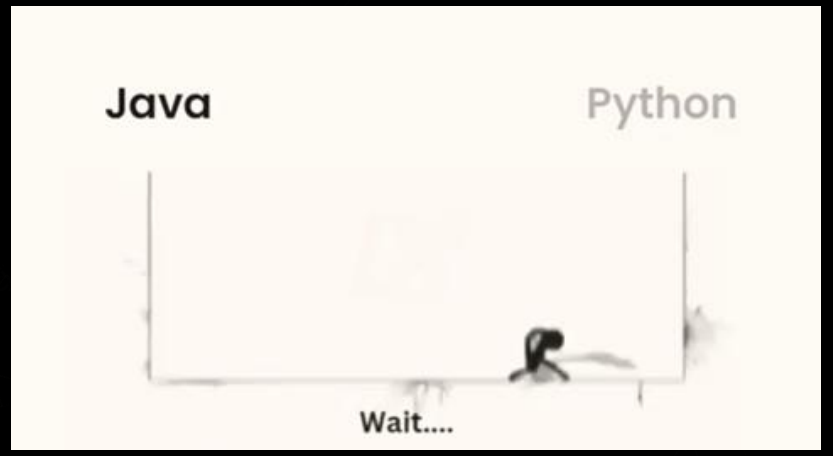
Evolution of Python



Why Python?

Python need for this reason 😄





Importance of Python

Career Opportunities of Python

- Web Development
- Game Development
- Data Science & Analytics
- Machine Learning & AI
- Automation
- IOT & Robotic
- Cybersecurity
- Scientific Computing
- Cloud Computing
- Research & Development
- Software Development

“Sector-wise Topics Specification”

Python for Web Development

- Django
- Flask
- FastAPI

Python for Game Development

- Pygame
- Panda3D
- Godot

Python for Desktop Application

- PyQt
- Tkinter
- Kivy (Cross-Platform)
- Electron

Python for Data Science & Analytics

- Pandas (Data Manipulation)
- NumPy (Numerical Computing)
- Matplotlib/Seaborn (Visualization)
- SciPy (Scientific Computing)

Python for AI & ML

- Scikit-learn
- TensorFlow
- PyTorch
- Keras
- OpenCV

Python for IoT & Robotics

- GPIO Zero (Raspberry Pi)
- MicroPython (Embedded Systems)
- ROS (Robot Operating System)
- OpenCV
- TensorFlow Lite

AFTER THAAAAT...

I want to become WHAT???🤔

Decision PENDING!!!🥴

“Let’s Know about **Code &** Play with data using **Python** 😎”

Python is successfully installed in the system 😂😂

Now I'm a Python Programmer😎

Backend Developer

Python Developer

Data Analyst

Machine Learning Engineer

AI Engineer

Automation Engineer

Uses of Python on Different Application!

Web Development

Dropbox

Spotify®

Quora

Instagram

Pinterest

reddit

Game Development

- The Sims
- Civilization IV
- Eve Online
- BattleField 2
- Frets on Fire

Machine Learning & AI

- Google – Search, Image Recognition
- Netflix - Recommendation
- Amazon – Alexa, Recommendation
- Tesla - Autopilot
- Microsoft – Azure, Cortana
- OpenAI - ChatGPT
- Apple – Face ID, Siri
- LinkedIn – Job Recommendation
- Alibaba – Alibaba AI

Data Science & Analytics

- Netflix
- Spotify
- Google
- Facebook
- NASA
- Airbnb
- Uber
- Amazon
- Dropbox

“”Thanks All””
